Dispatch Democrat

VOLUME XLIX — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY JULY 27, 1917 — NUMBER 42

ADDITIONAL NUMBERS ON DRAFT UP TO 1000

Since putting out our special edition the first of the week, the Dispatch has compiled additional numbers on the draft to the number of 150, which brings the total up to 1000. We publish the entire list with these additions herewith. Mendocino county's quota will be 275 men, and the enlistments in this county will bring this down somewhat. The exemption board will call twice the required number, or about 575, for examination. The examinations are expected to begin the latter part of next week. If the required quota cannot be secured on the first summons, owing to the exemptions allowed, additional numbers will be called until the requirements are met. The number published before each name is the draft number of the individual. The number following the name is the order in which he was drawn and in which he will be called for examination.

FIRST RED CROSS SHIPMENT SOON READY

Red Cross headquarters continues to be a busy place. Twenty bolts of goods have been cut the past two weeks, yet it seems impossible to get a supply ahead, so great are the demands of the sewing circles.

Up to Wednesday noon four hundred and eighty pieces had gone out since the beginning of the work two weeks ago, and finished garments are being returned every day. The first shipment will soon be ready. Now that our own young men are answering the call, hearts and hands are more than ever responsive. Communications from headquarters emphasize the urgent need for these supplies.

Memberships and donations are being added daily, but unless they come in more rapidly the military work will soon be hampered by shortage of funds.

Membership headquarters are also at the library, Clay street entrance.

WILLITS COUPLE WEDS IN UKIAH LAST MONDAY

Willits, July 26—Miss Hattie Muir and O. E. Jacobs were married at Ukiah last Monday. They left on the early train and failed to notify any of their numerous relatives, although the event had long been expected. The bride is a daughter of Mr. and Mrs. A. J. Muir and is one of our most popular young ladies. She has been teaching one of the grades of the Willits grammar school.

The groom is a member of the faculty of the Willits high school where he has charge of the business department and agriculture. He is a splendid young man and quite popular with all who know him.

The young couple are spending their honeymoon in the wilds of northern Mendocino county.

FIRE NEAR TALMAGE BURNS BARN AND HAY

The fire bell rung yesterday about noon for a few taps in order to summon help to fight a fire on the D. S. McKinley place near Talmage. A number of firemen and others went out to help. The barn and forty tons of hay, a surrey, horse and harness were consumed.

COMMITMENT RESCINDED

Elmer Highet, a delinquent minor, who was recently committed to the Preston school of industry, will not have to serve time until his majority in that institution, Probation Officer J. R. Thomas having discovered that the regulations forbid his commitment on account of his age. He will be taken care of by the Boys' and Girls' Aid Society, of San Francisco.

MARRIAGE LICENSES

Marriage licenses were issued the past week to the following couples: Oscar Elford Jacobs and Hattie Jane Muir, of Willits; Wm. Henry Cummings and May L. James, of San Francisco.

THE WEATHER

Dr. McCowen reports the maximum temperature the past week as 105 degrees on last Friday, and the minimum as 44, on the morning of yesterday.

LOCAL NOTES

Ben Joseph and family, and Paul Joseph and family are here for a few week's visit with Mr. and Mrs. P. H. Joseph.

Mervin Perkins and wife have been visiting Mr. and Mrs. J. F. Perkins in this city the past week.

Geo. Johnson and wife and son, Preston Johnson, returned home last Sunday from a camping trip to the north coast section.

Assemblyman J. A. Pettis was over from Fort Bragg this week greeting friends in the county seat.

HUGH PRESTON TAKES BRIDE

Attorney Hugh L. Preston stole away quietly last Tuesday morning, ostensibly on a business visit to San Francisco. Nothing out of the ordinary was connected with his departure by his friends until yesterday, when the announcement of a marriage license issued to Hugh Preston and Florence Ruddock appeared in the San Francisco papers.

The couple were united in marriage Wednesday evening at a ceremony performed at the home of the bride's mother, in Berkeley. Only the near relatives were in attendance. On their return to this city they will make their home in what was recently the Dickie cottage in Oak Park, which was lately purchased by Mr. Preston.

Ukiah's business and professional circles will join in hearty congratulations and good wishes toward Mr. and Mrs. Preston. The bride is a Ukiah girl, having grown to womanhood here, and is deservedly popular with a wide circle of friends. She is the daughter of the late J. C. Ruddock, who was at one time school superintendent, and who later became one of the leading attorneys of the county.

Mr. Preston has been with us so long that we have almost come to consider him a native. He was born in Tennessee thirty-eight years ago, and graduated from the law department of the University of Tennessee in 1902. He first came to Ukiah in 1903, when he became associated with his brother, J. W. Preston, at present United States district attorney, who had preceded him and who had established a law practise here. The two were most successful in their profession, and the firm ranks among the most able and reliable in the county. Since the appointment of J. W. Preston to the U. S. attorneyship he has made his home in San Francisco, and the direction of the affairs of the firm, as well as the conduct of its many legal battles, has devolved on the shoulders of Hugh Preston. He has more than maintained the high reputation of the firm of Preston & Preston. He is also prominent in financial circles, being a director and stockholder in the Commercial Bank of Willits and the Commercial Bank of Fort Bragg, both of which institutions he was largely instrumental in founding. He is also a stockholder in other banks both in this county and in Tennessee.

Added to all this Mr. Preston is a splendid and most companionable fellow, enjoying the esteem of all.

The Dispatch extends the heartiest felicitations and wishes the couple a life of joy and prosperity.

MISS ZOLA MANKINS IS TAKEN BY DEATH

Miss Zola Roberta Mankins, daughter of Mr. and Mrs. D. E. Mankins, passed away at the family home in this city last Wednesday evening after an illness lasting for upwards of a year. All that was possible was done to save the life of this beautiful girl and when it was realized that death was inevitable, no pains were spared by the adoring relatives and friends to make her last days as happy and cheerful as was possible. The bereaved ones have the comfort of knowing that they did everything in their power for her.

The deceased was born in Ukiah, July 2, 1896, and grew to girlhood here. Her beauty, both of face and character, endeared her to a host of acquaintances, and many will mourn her taking and extend heartfelt sympathy to the family.

The funeral will be held this afternoon from the residence at 2:30.

She leaves a father and mother, four sisters and a brother, Bert Mankins, to mourn her untimely end. The sisters are, Mrs. Marvin Laughlin, Miss Lydia Mankins, Mrs. Mamie Lynch, and Mrs. Grover Neep, all of whom are here to attend the funeral.

DRAFTED MEN MUST WATCH FOR THE CALL

It was announced that the draft numbers would be verified and printed at Washington this week and that before the end of the week the numbers would be in the hands of the governors of the various states, who in turn will forward them to the county exemption boards. The latter in turn will mail them to the drafted men. It is expected that this mailing will begin some time next week.

However, it is up to the drafted men to look out for themselves. The whole responsibility is on them. Failure to receive the mailed notice is no defense for failure to show up before the exemption board for examination. Every drafted man is expected to inform himself of his number, as these will be posted in the office of the county clerk.

You must report for physical examination on the day named in your call. If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are. If you are found physically qualified and file a claim for exemption within seven days after your call you will be given ten days after filing your claim for exemption to file proof in support of your claim. If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the board as one who was called for military service and was not exempted or discharged.

Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice. From the day notice that you are called is mailed and posted, you

CANNERY EXPECTED TO OPEN ABOUT AUGUST 10

No official date has as yet been set for the opening of the bean cannery, but it is estimated that the beans will be ready to pick, and therefore can, by August 10th. This year promises to be a banner year for the canneries, as the bean crop is reported to be above the average, and the demand for canned goods is bound to be great on account of the war.

Last year was a sort of an experiment—that of hauling the beans from Lake county to this place and then canning them—and from all reports the experiment proved a success and justified the enlarging of the plant so that the output this year will be much larger. An addition has been made to the building on the north, giving more room for the labeling and storing of the canned product. Also a large porch has been added, giving ample room for the cooling of the canned beans.

About 225 men and women will be employed this year, if everything goes as expected. Two hundred women will be required to furnish enough snapped beans to run the canning department. Twenty-five men will look after the canning of the beans.

The bean-pickers are already on the ground awaiting the opening of the cannery. Indians from the Round valley reservation and from various parts of Lake county will make up the picking force. In case of any shortage of labor, the local council of defense has promised to do everything in its power to supply that shortage, and to furnish as much help as is needed to take care of the beans.

LEE HELD FOR MURDER OF MRS. MARY LONG

The preliminary examination of Chas. Lee, charged with the murder of his sister, Mrs. Mary Lee, at Willits, was completed in that city last Monday morning. Lee is held under $5000 bonds to appear in the superior court and answer to the charge.

HOG CHOLERA IN TRINITY

Willits, July 26—Al Reed was down from southern Trinity county last week and he stated that hog cholera has been killing a great many hogs in that section. He came down after some vaccine, which is prepared at the University of California.

FAST HORSES ON AUGUST 8

The statement that the California Fair and Racing Association will bring real record breakers here for the big race meet to be held from August 8th to 11th is not merely the dream of an optimistic press agent, according to reports yesterday from Woodland, where the horses are now racing.

Two records also were broken at Petaluma, and the following dispatch from Woodland shows that a state record has been shattered. This record was made on a half-mile track, not so fast as the local track, which is credited with being the best in the state. The dispatch from Woodland, which concerns the performance of horses to race here next month, follows:

Although the little Durfee headliner, Virginia Barnett, trotted to a new state record in the 2:14 trot, which the mare won handily, it remained for A. F. Connor's Santa Rosa trained horse, Emmaline Dillon, to cause the big stir on the race program here today. Driven nicely by G. D. Stewart, Emmaline won the 2:11 pace from such campaigners as Teddy Bear, Rico and Pope Hartford. The brown mare chased over the first two miles in 2:07¼ and 2:08¾ with Teddy Bear at her heels.

In the third heat the inter-mountain champion was going neck and neck with Teddy Bear to the first quarter pole, when Driver stewart crowded his sulky against the fence and bursted a tire. After that Emmaline had to do some tall stepping to fight the flag. Blosser and Finley's gelding, Pope Hartford, always a contender, won the heat. Teddy Bear finished third.

After this performance, Emmaline Dillon is likely to be better thought of over the California racing circuit. She raced last season along the inter-mountain circuit, doing well at meetings in Idaho, Utah and Oregon. Her time, however, will set the northerners to thinking. Only five times is on record in the "Stormland" that a pacer has gone over a two-lap track as fast as 2:09¼. Emmaline equaled that time once and beat it twice at Woodland.

With Charlie Silva's San Felipe in the stable lame and unable to start, the classy little Virginia Barnett had things her own way in the 2:14 trot. Fred Chadburne kept J. J. Campbell's Bon Cres well up in front, but had to be content with second position each heat with Will Durfee looking back at him.

DIRECTIONS FOR CANNING SWEET CORN

Sweet corn should be canned as soon after the corn is gathered as possible. Remove husks and silk. Blanch by placing in boiling water for five minutes. Remove and dip quickly into and out of cold water. Cut the corn from the cob and pack directly into hot jars or cans to within one-fourth inch of the top. Pour in enough boiling water to fill the container. Add one level teaspoonful of salt to each quart. Put rubber rings and caps of jars into position, but do not tighten the wire clamps. Seal tin cans completely.

Place containers on a false bottom of wooden slats or wire mesh in a vessel of water deep enough to cover the containers completely. Keep the water boiling for three hours.

Remove the jars, tighten covers, invert jars to test seal, and cool (not in draft, as jars may crack).

Tin cans may be placed in cold water for rapid cooling.

After the containers are cool store in a dark, cool place.

Rapid preparation for canning is especially desirable for corn if a good quality of product is to be obtained. The best results can be secured when one person cuts the corn from the cob and another fills the containers. If it is necessary for one person to work alone she should cut off sufficient corn to fill one jar, pour on boiling water, add salt, place the rubbers and caps in position, and put the jar or container into hot water at once. The extra cooking which will be given to the cans first filled will not be injurious and a better product will be secured than if the cut corn were allowed to stand until all jars were filled.

EDITORS FROM SOUTH ENJOY UKIAH VISIT

The members of the Southern California Editorial Association have come and gone and have left behind them many friends and well wishers.

The visitors numbered about forty and included editors from papers in and around Los Angeles and their wives. For the most part they were young men filled with enthusiasm that only comes from a love of the work that one is engaged in.

When the afternoon train arrived here Friday, bringing the visitors with it, automobiles furnished and driven by the business men of the town, met the train and conducted the members of the association on a trip around the valley. First the party motored to the State Hospital at Talmage, where Dr. Smith kindly conducted the tourists throughout the institution. Following that a return journey was made through town and out on the state highway as far as the forks of the road north of Ukiah. Coming back the party went past the high school and from there down Perkins street and to Vichy Springs. At the springs the whole association, men, women and children went in for a swim. Several of the editors who were here, had recently engaged in a wet and dry campaign and went to the water in true style.

By the time that the northern California dust had settled to the bottom of the famous vichy plunge the editors and editoresses announced themselves ready for the barbecue that had been prepared for them by the Vichy chef. The whole party then adjourned in mass to the barbecue grounds where some fifty plates had been laid, and where a multitude of good things were awaiting consumption.

It is rarely that we have noticed any assemblage in which the spirit of a good time so prevailed as it did with those southern editors. From the pretty little lady from the Los Angeles Examiner to the dignified master of ceremonies from some other foreign sea port, every one was a good sport. There was none of the gushy exclamation, no soft coolings of delight over the views, just plain home folks they were, and by the way the barbecue was consumed we would imagine that there was no indigestion for theirs.

After the barbecue had vanished from sight, and the remnants thereof had been consigned to the mysterious bourne whither such things naturally gravitate, the association, as usual, in mass ,adjourned to the dance hall at Vichy. Several auto loads of Ukiah people came over and helped to make merry throughout the evening. Here again the spirit of good fellow-ship prevailed and it did not take long for the handsome southern editors to get acquainted with the handsome ladies of this town, and vice versa.

The party then motored back to Ukiah and left Saturday morning for Santa Rosa, where they were to be entertained for a few hours.

To the Merchants' Association of Ukiah, and to Bob Jones, of Vichy, credit is due for the entertainment of the Association and the ultimate benefit that will be derived therefrom. The northern county editors should get together in some such organization, and tour the south and by that means show that we are just as ardent in our love for and enthusiasm in, our north country as the editors of the south for their native heath.

REDWOOD VALLEY NEWS NOTES

Redwood Valley, July 25—Walter White and family are spending a week camping on the coast.

Harry Williamson has purchased a new gas engine.

Nels Hedlund is working in Willits for a short time.

Wm. Otterstrom and family moved to Willits last Saturday. Mr. Otterstrom has secured a good position in the planing mill there and they will stay for the summer.

There was a good attendance at the Grange meeting last Thursday night. A dance will be given under the auspices of the Grange at Frank's hall Saturday night. The dance will be open to all Grange members and otherwise invitational. The Grange has purchased a piano.

There were no church services last Sunday, and there will be none this Sunday, but Sunday school as usual.

The Improvement club will meet at the Forsythe school house Saturday night.

President Davis of the Improvement club departed Tuesday morning for an extended trip through the San Joaquin valley. He will visit his son, Howard, at Walnut Grove.

Jack Lane came up from Marin county Monday, where he has been employed for several months.

Charley Carter returned to his employment this week after spending his vacation with his parents, Mr. and Mrs. G. F. Carter.

Two big fires are raging west of the valley. It is reported that 250 men are fighting fire.

A horse driven by Walter Andrews was frightened by a bicycle Saturday night and turned over the buggy, smashing up the top but fortunately Walter was not injured.

Roy Ford purchased several head of cattle from Tom Balderston.

Norman Woolley is going to Potter valley to work in a mine this week.

Arch Howard left with his team Wednesday for Potter valley. He will haul ore. He took his family along and will camp somewhere near Cold Creek.

Homer Mitten is working in the manganese mines. Mary Gantz is staying with Mrs. Mitten.

Many of the local boys have been very anxious to find out whether they were drafted or not. The Dispatch special edition Tuesday was welcome indeed and the paper is to be commended for its enterprise. Nineteen Calpella and Redwood boys are on the draft list of the first 850 names drawn in this county. The first eleven of these were among the first 400 and are likely to be called this time. The others will probably not be called before the second draft.

The first eleven in the order they were drawn are Joe Bartlett, Andy Cross, Bert Lane, Will Robuson, Clarence Ekdahl, Harold Kirk, Kurt Schamber, Steve Massoletti, Kirby Ford, Raymond Copsey and John Garzini.

Herman Thowson is making a short visit here after an absence of two years.

F. A. Howland was a visitor to the metropolis Tuesday on business.

NEWS OF WEEK AT GUALALA

Gualala, July 25—The fog has lifted after days of heavy foggy, weather, and as there is no wind, it is very warm. Part of the week it registered almost 90 degrees in the shade. This is hard on us coasters.

Steamer Newberg came into Bourns Landing the day of the 18th for a cargo of ties for San Pedro. She sailed for that port the night of the 20th by working overtime two nights.

No. 4 is now bringing in ties quite fast and soon the landing will be filled ready for shipment.

The shingle mill on the Gualala has been in operation for a few weeks, but does not seem to give satisfaction, as there was something wrong in the placing of the machinery and it has to be overhauled.

The regular Saturday night dance was given in Gualala hall by Carl St. Ores, the engineer of No. 4, and was well attended. In holding one of the horses for the parties to get seated, Carl St. Ores had his finger thrown out of place. Still Carl will be ready for the next good time.

Mrs. Kehoe and daughter, Lois, of Healdsburg, are now visiting Mrs. Kehoe's daughter Mrs. Atley Bowles. She expects to return next Friday to her home.

Sydney White, with his little red racer came over from Sebastopol the night of the 20th, reaching Bourns Landing about midnight. Sunday morning, the 21st, he started on his return with Mrs. J. C. Briones and Miss Lois Lampkin.

The Gualala company have made quite an improvement by putting in a large gasoline tank and pumping outfit under the store. It has a capacity of about 5000 gallons, so we are told.

Oscar Keane, of Bourns Landing, made a trip to Point Arena the 24th.

COUNTY EXPENDITURES NOW LIMITED BY NEW STATE LAW

Against considerable opposition which developed toward the close of the 1917 legislature, that body passed a bill known as the "State Board of Authorization Law", the purpose of which is to limit county expenditures for governmental purposes so that in any one year they shall not exceed those of the previous year by more than 5 per cent. Provision is made, of course, for emergencies, the Board of Authorization having the power to permit a county to exceed the 5 per cent limit if in its judgment an emergency exists.

The Board of Authorization consists of two members of the Board of Control, State Controller John S. Chambers, R. E. Collins, chairman of the Board of Equalization, and one other member to be appointed by the Governor. The law will become effective July 31st, and while some of its provisions can not be complied with this year on the particular dates set forth in the law, still the attorney general has ruled that the various provisions should be complied with regardless of the dates.

Many prominent school people opposed this law because they feared the limitations of expenditures might affect their revenue, and they started to invoke the referendum against the measure. The attorney general has ruled, however, that the referendum can not be invoked because this particular law relates to tax levies, which under the Constitution cannot be tied up by the referendum.

Controller Chambers has sent out a copy of the attorney general's letter to all the county auditors in the state so that they may be advised of the ruling and their duties under the law.

He Can't Afford It

Unless he is independently wealthy, there isn't a man in this country who can afford to be careless about clothes.

Clothes mean such a lot and cost so little that every man should—and can—be well dressed.

No trouble at all to you or us, to fit you--perfectly--in a Michaels-Stern Fall Suit or Overcoat. And, likewise to fit your purse.

Did you ever notice how much better men dress now than they did ten--or even five --years ago?

That's because they realize more and more that good clothes mean a big lift on the road to success.

A little careful buying once in a while keeps you well dressed every day in the year.

And we'll prove that statement at very small expense when you come to see our new Michaels-Stern Fall Clothes.

COMMITTEE WILL AID IN GETTING CANNERY HELP

The committee appointed by the mayor late this spring for the purpose of stimulating production in this vicinity, held a meeting Monday night for the purpose of devising ways and means of assisting the Lake County Canning Company to secure sufficient help in the local cannery this year.

From present indications, the cannery will begin operations about August 10th, and, if weather conditions permit, the run will continue steadily for two months.

Manager Cunningham states that the company will require at least 150 women and children for the entire season, and at times will need more. The work is very light, and with ordinary application, a person should earn from one dollar to two and one-half dollars per day. An assistant state labor commissioner who recently looked over the plant here, stated that this cannery was paying a higher wage than any other in the state.

The price paid for snapping beans is 15c per box, but this year a bonus of 1c per box will be given to all employees who remain the entire season.

This cannery might be called an infant industry for Ukiah. The merchants and others interested made quite an effort to bring it here and give Ukiah a payroll for two months in the year anyway. And it is highly important that it be supported. The only support it asks, though, is sufficient help to properly operate.

And it is more important this year that this business be properly operated. The government has already asked for part of the output, and may demand more.

This cannery furnishes an excellent opportunity for various organizations here to raise funds. It also furnishes an opportunity to earn good money to anyone who is not ashamed to work.

Ukiah now has this cannery and it is up to her people to keep it here. And it is equally important that it should be unnecessary to bring in outside labor.

Marriage licenses were issued in San Francisco Monday to the following: Albert D. Boyer, of San Francisco, and Miss May King, of Hopland; Geo. C. Griffith and Marie F. O'Ferrall, both of Covelo. On Friday a license was issued to W. E. Dowling, of Ukiah, and Josephine K. Westbrook, of San Francisco. A license was issued in Contra Costa county to Herman W. Gibson, of Gilroy, and Miss Cora E. Berry, of Point Arena.

Mrs. Joe Harris, of Hopland, was a visitor at the J. V. Ray home in Ukiah during the early part of the week.

All kinds of good things on sale at the lawn party next Thursday evening, Aug. 2nd.

WILLITS WOMAN DIES AT AGE OF 86 YEARS

Willits, July 25—Mrs. E. S. Livingston died at Willits, July 24th, of old age, being past 86 years of age. Four years ago she had a stroke of paralysis and has been gradually failing ever since, and the end has been expected for some time.

She was born in New York, February 16, 1831, and came to California by way of Panama in 1859. She was married to Dr. W. S. Livingston upon her arrival in San Francisco, and they spent practically all of their married life in the vicinity of Anderson valley, Mendocino county, where she taught school most of her life after she passed twenty years of age.

In 1902 she accompanied her son, Ed Livingston, when he moved to Willits and this has been her home since that date.

The funeral services were held Thursday morning, and the remains were taken to Cloverdale on the afternoon train for interment beside those of her husband.

Miss Ida Hanson leaves to-day for Oakland. She will attend the state normal in San Francisco.

Musical Vibrations.

We can take the scale of vibrations, beginning with the shortest wave lengths that have been measured—the gamma rays given off by radium, which are only about one one-hundredth of a millimeter long—and ending with the longest known electromagnetic waves, 10,000 meters or more in length, and arrange them in a scale of octaves like the musical scale. In the Scientific Monthly Professor David Vance Guthrie of the Louisiana State university says they will cover just about forty-eight octaves, of which the rays that are visible to our eyes comprise but one.

Preparedness.

MANY IMPROVEMENTS ON NORTH COAST ROADS

(Advocate)

The north coast road is now being improved and put in splendid condition by Supervisor William Ross.

The grade north of Wages Creek has just received a general overhauling. The pull has been reduced from 24 inches per rod to 7 inches per rod. The roadbed has also been widened to 16 feet.

A new bridge across Virgin creek, two miles north of Fort Bragg, is next in order. It will be 80 feet long with a 40 foot bent, and will be 3½ feet higher than the present bridge. The structure will be built on a slightly turning angle and will be 8inches higher on the outer side so as to enable automobiles to make the turn with ease.

About 600 yards of dirt will be removed from the top of the north Virgin creek hill. This process will reduce the now steep pitch to a 7 per cent grade. Several bumps will also be removed from the south grade, it being a 5 per cent pull.

The entire improvement is estimated to cost less than $1500.

Both of the above mentioned improvements are further proof that Supervisor Ross is doing everything in his power to improve our roads in a sane and lasting manner.

Mr. Ross states that the travel on the coast roads is increasing at a surprising rate and that the auto road sprinkler is playing an important part in keeping them in condition.

DEATH OF MRS. T. W. COX

Mrs. T. W. Cox passed away at the family home south of this city last Saturday, Her dsath being due to paralysis.

The funeral was held from the residence Monday, Rev. Badger of St. John's church being the officiating clergyman.

McCracken, of Ripon; Mrs. Grover McGimsey, of Ukiah; Mrs. Chas. Fairbairn, of Talmage; Rose Cox, Wesley Cox, Clarence Cox and E. A. Cox.

Mrs. Cox was a most estimable woman and many friends will regret her death and extend sympathy to the family.

1. That you are a county or municipal officer.
2. That you are a custom-house clerk.
3. That you are employed by the United States in the transmission of mails.
4. That you are an artificer or workman in an armory, arsenal, or navy yard of the United States (under certain conditions).
6. That you are a licensed pilot regularly employed in the pursuit of your vocation.
7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.
8. That you are a married man with a wife or child dependent on you for support.

These are the only grounds of exemption or discharge by the local board.

Another person can file a claim in your behalf, but mut use different forms in filing the claim.

Your claim for exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But, after you have filed your claim for exemption or discharge, you have ten days within which to file your proof.

The method of proving claims is very simple but is rather exact. If you follow the rules given below you will have done what is required of you:

First. Go to the board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

Second. Ask the board for blank affidavits that are necessary in preparing your proof; if the board has not the form, ask to consult the pamphlet of forms.

Third. Have the affidavit properly accomplished and return them to the board within the time limit assigned—ten days from the filing of your claim.

Remember—You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit all the affidavits required by the regulations. There will be no argument before the board and no proof other than the prescribed affidavits unless the board calls for other proof, which it will do in only a limited number of cases.

Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

Fashion's Changes.

Me-Anderings
(By "Me")

What makes the biggest noise in town?
That flivver.
What is so dear to Johnnie Brown?
His flivver.
What makes the horses chew their bits?
What barks and wheezes and coughs and spits,
What puts the neighbors' dogs in fits?
That flivver.

Clyde Brewer's got a Chevrolet
For two,
No more the Reo holds its sway,
'Twon't do.
A speed cop, ne'er himself he sees,
He goes like h—l himself to please,
But does not stop, himself to squeeze
Oh, you!

Van Dyke has lost his dazzling speed,
Too bad.
On his fast ball the batters feed,
'Tis sad.
He took unto himself a wife,
He entered in connubial strife,
Can't Volney stand the married life?
Poor lad.

'Tis sad, how men whose minds are sound,
Will fall.
And yield to charms and love newfound,
Their all.
Hugh Preston now has joined the throng,
And cut out all the wine and song,
We wonder will his joy be long,
Oh, gall!
